

C1C PIR

Full-HD 1080p Indoor Wi-Fi Camera

Smart PIR Detection

With an advanced passive infrared (PIR) motion sensor that only triggers an alert when it detects warm, moving objects, the C1C PIR camera is a simple and reliable security solution for your home.

- FHD** 1080p
-  Advanced PIR Motion Detection
-  Infrared Night Vision (up to 6m)
-  130° Wide-Angle Lens
-  Two-Way Talk
-  Supports 2.4 GHz Wi-Fi
-  Magnetic Base
-  Supports MicroSD Card (up to 256GB)

Designed to alert, not to annoy.

You can't always be watching the live video. That's why the camera uses PIR technology to detect moving objects that radiate warmth, largely reducing false alarms and saving playback time. You'll only receive instant notifications that are truly noteworthy, like someone breaking-in – and the funny things your dog does.

See it all, day and night, in high definition.

The C1C PIR camera is so intelligent that it can automatically switch between daytime color images and nighttime black and white images, thanks to an IR cut-off filter. A powerful infrared illuminator allows you to see clear and crisp video footage even during complete darkness.

Communication, anytime.

Talk to your loved ones and deter unwelcome strangers – all by using the camera's two-way communication feature. Use the EZVIZ App on your mobile device to communicate from wherever you are. It's easy and convenient.

*EZVIZ App interface images are for illustrative purposes only.

Installation is ridiculously easy.

A magnetic base and mounting kit make installation a breeze. Mount the C1C PIR camera by sticking it to any magnetic surface, or use the kit to attach it to a wall or ceiling – and you are all set. Once it's mounted, adjust its position manually for optimal coverage right where you need it.

Specifications CS-C1C-D0-1D2WFR

Camera

Image Sensor	1/2.9" Progressive Scan CMOS
Shutter Speed	Self-adaptive shutter
Lens	2.8 mm, view angle: 106° horizontal, 130° diagonal
Lens Mount	M12
Day & Night	IR-cut filter with auto-switching
DNR	3D DNR

Compression

Video Compression	H.264
H.264 Type	Main profile
Video Bit Rate	Ultra-HD; HD; Standard. Adaptive bit rate.
Audio Bit Rate	Self-adaptive
Max. Bitrate	2M

Image

Max. Resolution	1920 x 1080
Frame Rate	Max: 20fps; Self-adaptive during network transmission

PIR Detection

Angle	110°
Max. Distance	5m (16.4ft)

Interface

Storage	MicroSD card slot (Max. 256GB)
Power	Micro USB

Network

Smart Alarm	Advanced PIR motion detection
Wi-Fi Pairing	AP pairing
Protocol	EZVIZ cloud proprietary protocol
Interface Protocol	EZVIZ cloud proprietary protocol
General Features	Anti-Flicker, Dual-Stream, Heart Beat, Mirror Image, Password Protection, Watermark

Wi-Fi

Standard	IEEE802.11 b/g/n
Frequency Range	2.4 GHz ~ 2.4835 GHz
Channel Bandwidth	Supports 20MHz
Security	64/128-bit WEP, WPA/WPA2, WPA-PSK/WPA2-PSK
Transmission Rate	11b: 11Mbps, 11g: 54Mbps, 11n: 72Mbps

General

Power Supply	DC 5V±10%
Power Consumption	MAX. 4.0 W
IR Range	MAX. 6m (19.7ft)
Product Dimensions	64 mm x 64 mm x 103 mm (2.52" x 2.52" x 4.06")
Packaging Dimensions	123 mm x 79 mm x 125.5 mm (4.84" x 3.11" x 4.94")
Net Weight	98g (0.22 lb)

Package Contents:

- C1C PIR Camera
- USB Cable
- Power Adapter
- Two Foam Stickers
- Metal Plate (3.5mm Hole Diameter)
- Quick Start Guide

Operating Environment:

- Temperature: -10°C - 45°C (14°F - 113 °F)
- Humidity: 95% or less (non-condensing)

Certificates

FCC / CE / UL / REACH / WEEE / RoHS
