

# Rechargeable Battery for the C3A

---

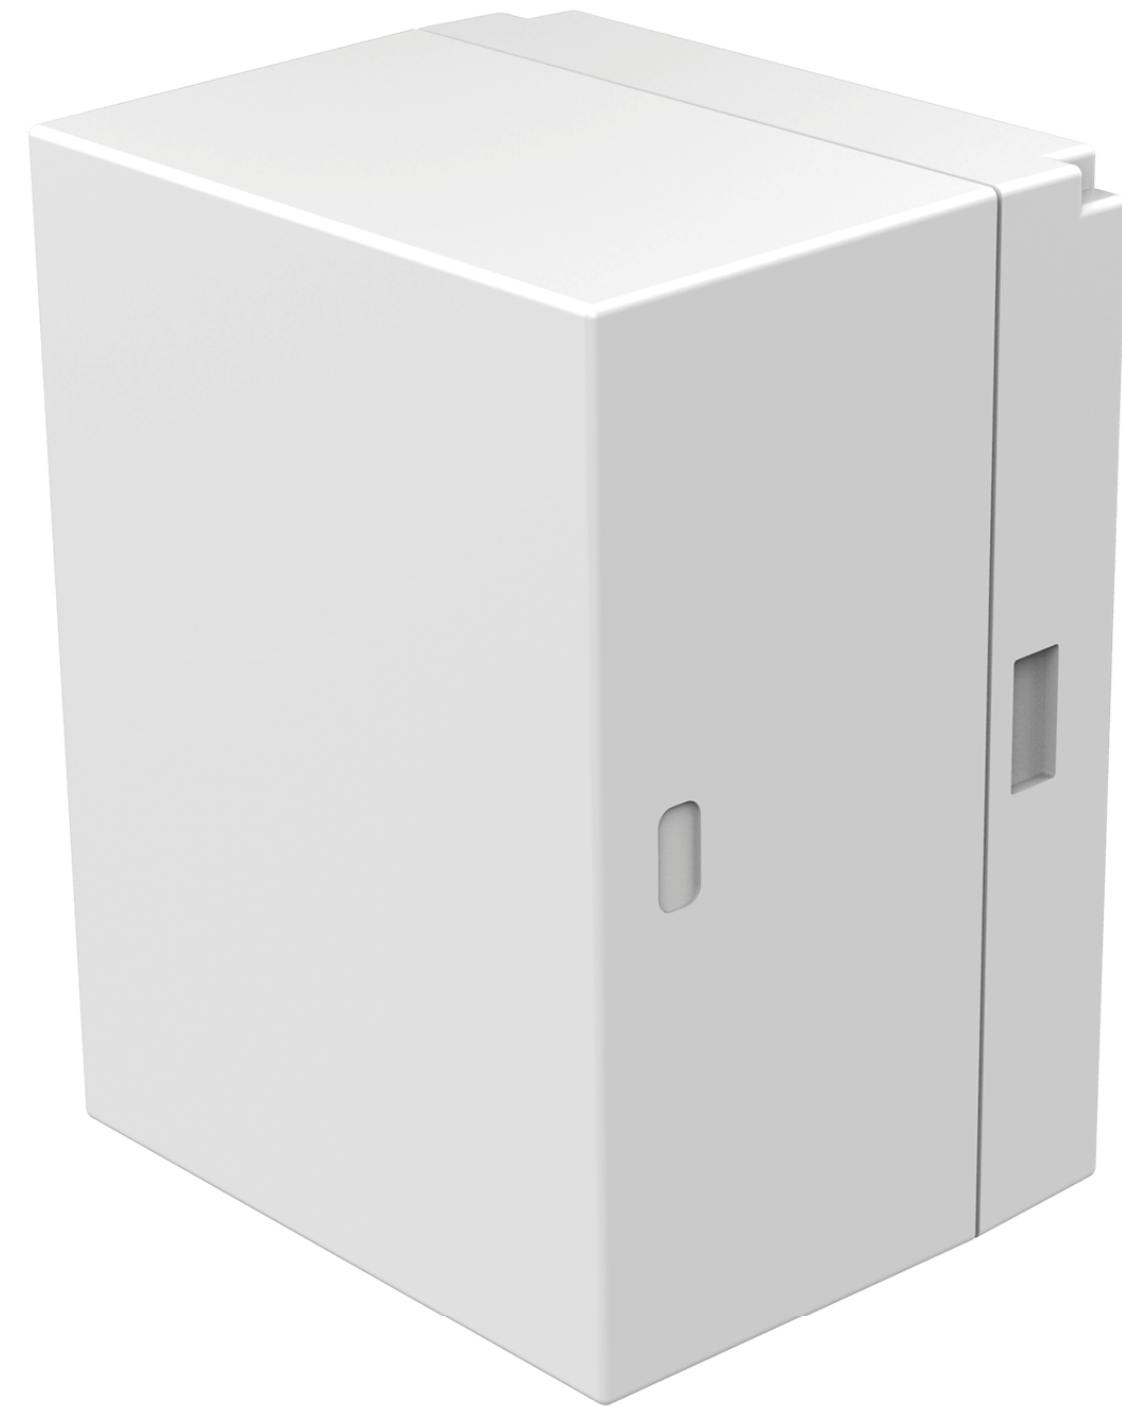

The wire-free C3A Camera runs on a 5,500 mAh rechargeable battery. Buy one or more to have extra batteries for worry-free, long-lasting protection. Charge the battery when it is in the C3A or remove it and charge via the C3A dual-slot charger (sold separately).

C3A Accessory

5,500 mAh

|                            |  |
|----------------------------|--|
| Rated Capacity             | 5,500 mAh                                    |
| Minimum Capacity           | 5,200 mAh                                    |
| Energy                     | 20.9Wh                                       |
| Nominal Voltage            | 3.8V   |
| Open Voltage               | ≥3.85V                                       |
| Internal Impedance         | ≤180mΩ                                       |
| Charge Voltage             | 4.35V  |
| Standard Charge Current    | 1100mA                                       |
| Max Charge Current         | 2000mA                                       |
| Standard Discharge Current | 1100mA                                       |
| Max Discharge Current      | 2000mA                                       |
| Discharge Cut-off Voltage  | 2.8V   |
| Product Dimensions         | 38.5 x 31.5 x 50.5 mm (1.5 x 1.2 x 2.0 inch) |
| Package Dimensions         | 105 x 68 x 142 mm (4.13 x 2.68 x 5.59 inch ) |

## Package Contents:

- C3A Battery

## Operating Temperature

- Charge: 0°C~+45°C (32°F~113°F) Discharge: -20°C~+60°C (-4°F~140°F)

## Certifications

CNAS / UL / CB
