

LB1-White

Dimmable Wi-Fi LED Bulb

The EZVIZ LB1-White Bulbs work with Alexa and Google Assistant so you can turn your lights on and off and dim and brighten them using just your voice. Or, when you're not home, use the EZVIZ App to control your home lights remotely.

Google Assistant & Alexa.

 Schedule & Timer

 Energy-Saving

Brighten and dim your lights as needed.

Create a comfortable lighting environment from the palm of your hand. Brighten the lamp when reading and dim it when you are going to sleep.

Customize the scene.

Select from four ready-to-go lighting modes to match your daily routines or your mood at the moment. You can even customize each scene as you like.

Set timers for your convenience.

Easily make your lights go on and off automatically at specific times of the day.

Control from anywhere.

With the EZVIZ App, you can turn on your porch light when you are on your way home, or check whether you've forgotten to turn off the lights while at the office.

Voice control your lights.

Hands full? No problem! Ask Alexa or Google Assistant to turn your lights on or off or to dim the brightness!

*This function is only available in some countries.
Please check before purchasing.

Incredibly easy to install.

Install the EZVIZ LB1 bulb as you would install ordinary bulbs. Then download the EZVIZ App and pair it with your Alexa or Google Home.
