

Smart Doorbell Detachable Battery

**Stay powered for every
doorstep moment**

Works with EZVIZ EP8, HP8, CP8 and more future models

Key Features

- **9600mAh Detachable Rechargeable Lithium Battery:** Built with a powerful 9600mAh capacity, the battery delivers long-lasting performance for extended use. Its detachable design adds flexibility, ensuring reliable power whenever you need it.
- **Easy Installation:** Designed for quick and effortless setup, the battery can be installed or replaced in seconds. No complicated tools or steps required—just simple, user-friendly installation.
- **Type-C Charging:** Equipped with a widely used Type-C interface, the battery supports convenient and universal charging. Easily recharge with common cables and adapters for a convenient experience.

Detachable Design

Swaps batteries and keeps your doorbell running

With a detachable battery, you don't have to wait for your doorbell to recharge or deal with downtime. Simply swap in a fully charged battery and keep your doorbell running as usual. It's especially convenient for busy households, helping you stay connected and never miss a visitor, even during charging.

9,600 mAh

Basic
