Flexible Dual-Lens Viewing Enjoys Versatile Coverage in One Camera

With dual lenses working in flexible angles, you can easily adjust how the camera keeps an eye on your space.

Scenario 1

Dual Lenses to See Wide & Clear

Scenario 2

Dual Lenses to See Back & Front

Up to 4x Mixed Zoom

Zooms in up to 4x Smoothly to See Farther

Details that were once too far to see clearly are now within view. From people walking up your driveway to cars approaching your home, important details now stay crystal-clear.

F/2.8 mm Wide-Angle View

4x Mixed Zoom

F/6 mm Close-Up View

Ultra-Wide 360° Coverage

Keeps More in Sight with Reduced Blind Spots

By pointing the lenses in different directions, the camera reduces blind spots so you don't have to keep adjusting the camera to check different areas.

Area 2 Foreyard

Dual-Lens Co-Detection

Unveils the Full Story with Dual Lenses Working Together

Unlike most dual-lens cameras in the market that only stitch the views of two lenses, the CB9c Dual is smart enough to complete a complicated detection activity by involving two lenses at the same time.

Auto Tracking on Human

Dual-View Display with Panorama & Details

Step 1 The fixed lens detects human

Step 2 The moving lens tracks the moving person

Tap-to-Zoom Control

One Tap for Instant Close-Up

Point both lenses in the same direction to unlock up to 4× zoom, so you can see the full scene and zoom in on the details at the same time. Just tap the area you want via the EZVIZ App to instantly bring it closer, without missing the bigger picture.

Always-On Video Mode

Upgrades Your Battery-Powered All-Day Recording

Unlike typical battery cameras that struggle to compromise either recording performance or battery life, this camera features EZVIZ's groundbreaking AOV technology.

AI-Powered Human Shape & Vehicle Detection

Stays Informed with Smart Alerts for Free

The camera cuts through hours of footages by telling the difference between people, vehicles, and everyday motion. Instead of babysitting the live view, your camera will flag the crucial times and notify you on the EZVIZ App.

Preset Location

Saves Your Preferred Setting for Quick Views

Normally, checking specific areas requires manually adjusting the camera each time. With preset locations saved in advance, you can instantly return to important views with just one tap.

Smart Color Night Vision

Lights up Your Night with Bright Colors

Say goodbye to blurry, washed-out night footage. Powered by built-in spotlights, the CB9c Dual brings the night to life with vivid, full-color clarity, even in near-total darkness.

2 Spotlights | Full-Color Night Vision

2 IR Lights | Black & White Night Vision

Active Warning with Red-Blue Light & Siren

Adds an Extra Layer of Protection for Your Home

When suspicious activity is detected, the camera can trigger flashing red-blue lights and a loud siren to draw attention instantly. This active warning helps alert people nearby and makes unwanted visitors think twice.

Easy Installation

Gets Your Camera Running in Minutes

With a simple mounting design and flexible placement options, you can install the camera quickly without complicated setup. It's an easy way to start protecting your home right away.

- 1 The inclusion of the supporting solar panel in the CB9c Dual is intended to provide an additional power source for the main device, helping to extend the battery life of the camera to reduce the frequency of recharging. To prolong the battery life, we recommend you to enable the AOV mode for wiser battery consumption. To use this function, a compatible microSD card (sold separately) must be inserted into the camera.
- 2 When the AOV mode is enabled, according to EZVIZ Lab's test results under standard conditions, the CB9c Dual is able to detect movements at a distance of up to 25 meters during the day, and up to 12 meters during the nighttime. The actual detection range may differ due to other environmental factors.
- 3 Local storage cards must be purchased separately. Cloud storage service is only available in certain markets. Please verify availability before making a purchase.
- 4 Data from EZVIZ Lab's test results under standard conditions. The video compression efficiency will vary with the frequency and complexity of the activity captured, as well as other environmental factors.
